What moved this month

1 Cost per ticket improved while spend grew, so the tCPA guardrails are doing their job.

2 Zero policy disapprovals this period after moving fully to the pre-approved copy library.

3 Presence-only targeting held wasted spend down across all nine cities.

CHAPTER THREE

The Plan for Next Month

Priorities on deck

- 1 Scale Wave 2 budgets in the top three cities by ticket volume.
- 2 Stage the fall Cocktail Crawl relaunch with compliant creative for approval before September.
- 3 Add weekly ticket pacing against event dates so slow cities get creative rotation earlier.
