NKCDC Performance Report

Launch-readiness report: where the Free Tax Prep campaign stands, what's staged, and the one dependency between here and live.

PERIOD

June 2026

ENGAGEMENT

STRATEGY · GOOGLE + META

THE BOTTOM LINE

The campaign is **fully staged and launch-ready** in both Google and Meta. One dependency remains: **the Free Tax Prep landing page**. The day it ships, ads can be live within 24 hours.

CHAPTER ONE

Performance Snapshot

Strategy, keywords, and campaign builds are done and QA'd. **Launch readiness held at 95%** all month while we waited on the landing page.

◆ **MONTH TAKEAWAY**

Nothing decays while we wait: audiences, keywords, and creative stay staged and re-checked. The moment the landing page URL exists, **we flip the switch and start learning from real traffic.**

CHAPTER TWO

Where the Work Went

Launch board

Free Tax Prep: Google Search Campaign built and QA'd. Goes live the day the landing page ships.	AWAITING PAGE \$0 · Staged
Free Tax Prep: Meta Audiences and creative staged to the approved strategy.	AWAITING PAGE \$0 · Staged
ICP research + keyword strategy Revised strategy delivered and approved by Anthony in April.	DELIVERED Approved

What moved this month

- 1 Campaign architecture finished** across Google and Meta, matched to the approved strategy document.
- 2 240-term keyword map delivered**, covering tax prep intent and the broader community-services footprint.
- 3 Zero wasted spend**: nothing launches until the destination can convert.

02

CHAPTER THREE

The Plan for Next Month

Priorities on deck

- 1 Get a firm ship date for the Free Tax Prep landing page, the single blocker to launch.
- 2 Run a final pre-flight QA on tracking and conversion goals the day the page goes live.
- 3 Schedule a week-one performance readout so early keyword data shapes month two.

The campaign isn't waiting on strategy, budget, or creative. One landing page stands between staged and live.
