What we completed in August

AUGUST
RECAP

- Kept the Phase Two growth package as the governing August plan.
- Sent a direct stakeholder follow-up on August 4 to move the review toward a decision.
- Preserved the seven proposed growth lanes without presenting any of them as approved production.
- Held publishing, paid media, and budget work behind a clear client decision and measurement owner.

Primary goal

SEPTEMBER PLAN

Choose one realistic first pilot, assign its owner and success measure, and convert the approved priority into a dated production sequence.

EXECUTIVE ANALYSIS

August was a decision month rather than a production month. The strategic package is complete, but the next value depends on selecting a bounded first pilot instead of opening several lanes at once.

No paid-media delivery or implementation result is claimed while the account remains paused.
